Transcript, names of people speaking in [] parenthesis, also clarifying notes in [] or (). Transcript made faithfully from the 1(1) and 2(2) recordings by Leif of Godland. Anything added to what is spoken in the two recordings is in parenthesis.

[Ditta of Godland:] [Bells.]

[Leif of Godland:] We are gathered here at the Hanging Stone [Gallowstone] in Jordbro, Jordbro Galgsten, for the pronouncements of judgements. [Ditta of Godland corrects:] Gallowstone. [Leif of Godland corrects himself:] Gallowstone, for the pronouncements of judgements in the Tribunal Jordbro

Peace Decree, or in Swedish the Ting Jordbro FredsUrkund of twelve thousand nineteen hundred at zero six zero two, or second of June. Ten thousand added for Indigenous time. And Ditta of Godland will read the day order and she will read the paragraphs according to with this pronouncement, this judgement is made.

[Ditta of Godland:] Thank you, dearest Leif of Godland and Baltic Sea Order. We have today had the following procedure. We have been in Jordbro. In the open fields of Jordbro Indigenous Cult Area that is [an] at least eight thousand years old cult place of Indigenous peoples of [the] Baltic Sea Region. When here was the place where all Baltic Sea people met for rituals and they held courts to have peace, love and understanding in the region. This is a world treasure. This is ... archaeologists found stone axes here just a week ago and this is the time of war when these people of Baltic Sea region are being massacred with Silent Weapons in Quiet Wars that have been designed since 1954 and announced in the first Bilderberger Meeting as the continuous hidden warfare against people of the world.

And today we have had a successful day where we have managed to reclaim back all the resources of humanity and all living systems to be managed by the loving, the capable, the verified and validated and the loyal to the local indigenous people, rulers who can hold just courts. These rulers of Indigenous World Order of Godland are we, Leif of Godland (pronounced both by Leif and Ditta of Godland), and me, Ditta of Godland. And we rule this world since the proclamation we made in June 10:th (actually June 11:th, but was prepared the 10:th) twelve thousand seventeen. And Leif of Godland is even the Monarch of Monarchy State Sweden that is restoring the citizen cooperative of Kingdom of Sweden that has been hijacked and stolen by financial pirates and military psychopaths from The Nations, in this case The Nation of Sweden and it's citizens and also it's Indigenous people who are not even acknowledged to be Indigenous here as the group of Germanic people who nobody accepts to have their Indigenous Rights here and who are currently being genocided and among others cooked with the weapons of electromagnetic radiation that are covered as weapons (i.e. hided weapons) due to their form of telecommunicative devices.

But today we have also claimed the right model to measure these electromagnetic wounds and injuries. The safe doses have been proclaimed today during the court. And that is as we have established the ECNRR basic safety standards for electromagnetic radiation, that you can find on bsrrw.org, Baltic Sea Region Radiation (really Radioactivity) Watch (<http://www.bsrrw.org/protection/emf-war/>). And this we had to do as the local university networks are totally occupied by the military industrial complex. And they are cooking our children in schools that are no schools but detention camps of liquidation, sterilization with various types of weapons due

to the whole matrix of depopulation weapons that you can also find well described by Kevin Galalae (Kevin Mugur Galalae), among others. And serious involvement in this is taken by universities. And this has materialized on the graveyards of Jordbro Indigenous peoples due to these works of archaeologists who have wounded a living and sacred oak by cutting off all its roots on the southern side of it. The most beautiful and healthy has been heavily injured. And this court case of this criminal war act is symbolizing the world wide mass murder of all, not only Indigenous but all peoples and all citizens of all nations that have been corporatized and all their wealth have been stolen by this pirate mafia that runs [the] military industrial complex and [the] banking system, that is being liquidated to be replaced by blockchain and bitcoin IBM deathcamp historical corporation to run the global prison planet, the death camp, the world wide death camp.

These crimes have been revealed today in the court, and they have been replaced by the healthy systems with our gifts of Godland. Among them, Indigenous World Order oxa, the banking ... [Lars Rutger of Godland:] system of free (?) ... [Ditta of Godland:] The banking New Era of Indigenous World Order oxa stock, where the people themselves are the stock of the money that is created, which is [the] natural way for the healthy banking system. And by this, we are saving the banking system that are being destroyed now to be replaced by IBM artificial intelligence computer that will run all chipped people through blockchain, which is a grave attack and today it has been stopped due to the fact that all these corporations have been proclaimed taken back by Indigenous World Order of Godland rulers into the management of local Indigenous people of each state.

And furthermore, Indigenous courts have to be established in each state and in each local community. And they are the primary and the most powerful courts of all. Furthermore, Indigenous militia has to be put in place in each community and in each state that is restored by putting in place agreements and contracts with [the] Indigenous World Order of Godland rulers. And we have had two practical cases of attack on the Jordbro graveyard on the cult place of Indigenous peoples that has been here for at least eight thousand years. The first one was called, in Swedish, Avhuggna rötter, in English, [Leif of Godland:] Cut Off Roots, [Ditta of Godland:] Cut Off Roots, and the second one was called, Cut Off Sacred Trees (Swedish: Avhuggna Sakrala träd). In these two cases, [the] following corporations have been involved: Stockholm University - the business corporation of [the] roman cult, and Post and Telestyrelsen - the business corporation of [the] roman cult, and all other corporations pretending to be agencies for people and institutions of the state Kingdom of Sweden that has been corporatized and stolen from the people. These practical crimes have been further charged symbolically as conceptual crimes and therefore all the corporations of the world that are involved in this mass murder cult and war economy are criminalized by this court, today. They

are all reorganized into Indigenous power and they have to find Indigenous people within their companies and these Indigenous people have to sign contracts with the rulers of Indigenous Godland to be re-educated and to get the right instructions on how to re-organize these corporations that are mass murdering all life on Earth. The second case involved [the] following companies: Roman cult business corporation that has stolen the local communities wealth called Haninge Kommun, Roman cult business corporation that has stolen the whole Swedish state's wealth and is managing the slave stock called Regeringskansliet, Roman business cult corporation called Europa [the European] Commission, even [the] Vatican, [the] United Nations and [the] Bank of International Settlements, and all others that are now getting re-organized to stop such crimes that have been done in Jordbro graveyards of Indigenous peoples.

Thank you for your word.

[Leif of Godland:] Already in the Tribunal on the graveyard it was judged, decided, that the pine trees on on the grave yard that had been felled on the cult place, that they have sacral value as they have taken up of the forefathers. [Ditta of Godland:] The ashes and [Leif of Godland:] Yes [Ditta of Godland:] the left overs of all the previous generations have been taken by the roots of these trees into their tissue. [Leif of Godland:] It was decided already there that these trees therefore belong to the society, the Indigenous society named Baltic Sea Indigenous Court for them to build several houses for the society. Already there it was decided. And the land is also decided belonging to [correcting:] for the management, the Indigenous society to manage and decide over the land. And I'll let Ditta of Godland read the paragraphs according to which and which judgements she will suggest and then I'll decide what we will pronounce, what I will pronounce. [Ditta of Godland:] Yeah, and Rutger also has a suggestion. [Leif of Godland:] Rutger [Lars Rutger of Godland, Lars Rutger Solstråhle] also has a suggestion.

[Ditta of Godland:] Yeah. So, Indigenous World Order Court of Godland Statutes involve [the] following articles that are engaged in this court. Article eight, called War Crimes, and these statutes you can find on [the] web page LoveOrder.info, where you can find Indigenous World Order Court of Godland Statutes for download. Sixtyfive pages. And they are... They put the base of all Indigenous courts and how they are built through the whole world and you have to have a contract with us to call your courts of Godland in your local places.

So, Article eight of War Crimes, paragraph two, defines war crimes as a) Grave breaches of The Geneva Convention, which we use though it is not Indigenous but it is the work of many. i), that is under a), i) bracket [(i) under 2. (a), which is Wilful killing], ii) Torture or inhuman treatment, including biological

experiments, iii) bracket [(iii) under 2. (a)] Wilfully causing great suffering, or serious injury to body or health, vi) bracket [(vi) under 2. (a)] Wilfully deriving (sic.) a prisoner of him (sic.) and protected persons of the rights to fair and regular trial. [At the two (sic.) pronouncement errors. The written text being read from here correctly reads: "Wilfully depriving a prisoner of war or other protected person of the rights of fair and regular trial".] viii) bracket [(viii) under 2. (a)] Taking of hostages. To explain the application of these paragraphs to these cases, so we have looked at the whole humanity right now as the hostages of these conspiring corporative pirates that are planning to murder most of humanity and most of [the] living systems of the earth.

So we are hostages in a death trap and our health is being totally ignored, our rights to that. And in this case the biological experiments are being done by these corporations named, and I didn't name also Länsstyrelsen, the corporation Länsstyrelsen is heavily involved with ignoring the rights of Indigenous people here. And that is [an] important one, [that] I forgot to mention. And it is a criminal corporate body that has to be re-organized, yeah. And then, so these biological experiments of torture and impact on health are being conducted by all these corporate bodies that have been on trial today and here in [the] Jordbro cult area, Indigenous cult area, these students that were working with archeology teachers were exposed to radiation from the mobiles they were using and we rightfully assumed Stockholm's University should have been the one that made these limits and doses that we have had to proclaim, without any means of any tax income and living on extreme, in extreme poverty, we have been forced to save humanity by just science and just courts. But Stockholm University is guilty, it's found guilty of not protecting it's students. And students are being promised education and healthy environment when they are not getting it. It is a trap of execution where they are being sterilized with these electromagnetic devices and true science is not in the Stockholm University. It's being, it is forbidden and hidden as the very word university is a code of one version by Set [Seth] or Satan, one version by Satan. That's what university means. That's why the words will be different in the Love Order of Godland.

The following b), in the same paragraph two in article eight, Other serious violations, xvi) Pillaging a town or place, as they have pillaged everything that we have and all Indigenous and citizen people. xx) Employing weapons and material and methods of warfare which are of a nature to cause superfluous injury or unnecessary suffering. That's the same [b) under paragraph two]. xxi) Outrages on personal dignity. xxii) Enforced sterilization, that have been already discussed.

Furthermore, we have used Article 75 on reparations to victims. And they have been decided, as a just [reparations] they are decided on, reparations to all victims of the world through Indigenous World Order's gifts of Godland. And

Article 76 is about Sentencing. Part Seven is about Penalties. Article 77 [Applicable penalties] paragraph 1, we have used [the] following penalty considerations as c) Death penalty in severe cases of beyond help un-reprogrammable murder obsessions with exquisite specific responsibility to save every of the eight billion [miljard] Godlander's lives, as each Godlander owns the stock [recording died].

[New recording, see above 2(2) reference.]

[Ditta of Godland:] Okay, it was that, by some forces of foreign intelligence, the video got stopped at the place where we were talking about Death penalty. And now we will try again. And we have very little time. So, Article 77 c) paragraph 1, following penalties [Article 77 Applicable penalties, paragraph 1, c)], Death penalty in severe cases of beyond help un-reprogrammable murder obsessions. And then we have to remember that each soul in the world wide seven miljard [or if it is eight miljard] people stock owns the stock of one hundred forty two miljard World Indigenous Runes. And so they have the means to get rehabilitation, to get re-education, they just have to claim it. Article 79, a Trust Fund is established for victims of [the] satanic cults. Part Eight, Appeals, and by Article 81, paragraph 1, [a] decision may be appealed at [with the] Indigenous World Order of Godland diarchs. You find the contacts on LoveOrder.info. Article 89, Surrender of persons to the Court. Paragraph 3, b) bracket, warrant for arrest and surrender [§3 (b) (iii) The warrant for arrest and surrender]. So there will be issued warrants for arrest of all the corporate leaders of these war crimes waging corporations.

Article 109, Gifts of permanent Oxa Amnesty. Paragraph one to eleven point five [Article 109, §1 - §11.5], and all, both the victims and the perpetrators will be getting oxa Gifts of Godland by Indigenous oxa stock Money for all citizens of all nation states, that are being restored by this. By gifts of the right to hold your own courts, Indigenous courts, and have your own Indigenous rulers. And by your rights to your Indigenous Militia. And by your rights to the fourteen rights of Godlanders, that are established here. Thank you for the word. And you can proceed with telling the, your judgement. Have you decided on the question how to judge what penalties to give to the people that were practically involved in the crimes against the trees?

[Leif of Godland:] For the people that were... I have decided that for the people that cut roots and cut trees they will, they can choose between three alternatives and all of them also have the right to all of Godlands Indigenous gifts that you all have right for, to. That you all are owners of stock in, of yourself, in, of your soul, in the Godland World Economy. [I.e., That you all are owners of stock of your soul, in the Godland World Economy.] And these people who have cut roots or, and/or trees, they can choose as judgement, to be judged, a) [correcting:] as penalty, they can choose one of three

alternatives as penalties. a) To work hundred days for Sweden, Swedens and the world Indigenous people to investigate and find out which the unverified and unvalidated entities are that control illegitimately in the background, [Ditta of Godland:] The Hidden Rulers, Yeah, [Leif of Godland:] The Hidden Rulers. b) [Ditta of Godland:] Whom we replace, while... [Leif of Godland:] Yes. Yes. [Ditta of Godland:] Whom we just have to replace righ now now in this emergency situation. [Leif of Godland:] Yeah. And b) [the] second alternative, they can choose to work hundred days to stop radiation weaponry, to teach people in schools where people are, where children and people are radiated and in all manner work to stop radiation weaponry. The third alternative or c) is to work hundred days to form a local Indigenous society and start to account Sweden's citizens Indigenous Money, oxa, and to hold Indigenous courts or Indigenous Tribunals and also with Indigenous, creating Indigenous Militias. These are the three alternatives they can choose.

And as for the people who have, the leaders of corporations that work for the Hidden Rulers, that are the visible people, they, the judgement is the punishment is that they will be investigated psychiatrically, in Sweden it's called rättspsykiatrisk undersökning, it's, unfortunately [Ditta of Godland:] psychiatric investigation [Leif of Godland:] evaluation [Ditta of Godland:] evaluation, Yeah [Leif of Godland:] evaluation, criminal evaluation for, and this according to Indigenous Godland Methodology. And as we haven't got an, the means yet to create such methodology, [Ditta of Godland:] we have methodology but we don't have [Leif of Godland:] sorry, we [Ditta of Godland:] they don't listen to the, they don't, we don't run, [Leif of Godland:] Yeah, sorry, I miss spoke. We don't run the psychiatric clinics yet according to Indigenous Methodology. So therefore the existing clinics can, have to do this work but consult us for the Methodology.

[Ditta of Godland:] Okay, that sounds like a,... So you have accepted Lars Rutgers proposal. The Holy Lars Rutger, could you please approach the courts. [Leif of Godland:] Yes, when the video cut off, Lars had given the pattern so we should have let him say that first. But can you repeat, try to repeat what you said that inspired this judgement?

[Lars Rutger of Godland:] Yes. To loose one's dignity and self decision is a very, to be socially discarded and you have to have somebody that are really ethical to survey your life and that is, yes, you will be a sort of slave for a year, first, and then another year and then another year until the community finds that you are, have changed your mind. If that happens. [Ditta of Godland:] So what we are talking about is that these people will probably loose their psychiatric mental custody and there will be other people installed to have custody over them until these people don't act in [Leif of Godland:] genocidal ways [Ditta of Godland:] in psychopathic manner. Because we are talking about [a] psychopathic pattern of [Lars Rutger of Godland:] Yes, and the

perpetrators are often the former victims to the same behavior and when they are overwhelmed by this experience they take over the values, the patterns of their perpetrator, and this is a cycle that makes it possible to heal people, peoples mind, and that is very important that, because if they incarnate again they will just [Leif of Godland:] repeat [Lars Rutger of Godland:] repeat this kind of destructive life in the next round, so the best thing is to heal people.

[Leif of Godland:] Did we mention in the, when we restarted the video that arrest warrants will be issued? [Ditta of Godland:] Yeah. [Leif of Godland:] Yeah. [Ditta of Godland:] You can say that. [Leif of Godland:] Arrest warrants will be issued according to these judgements, this judgement.

[Ditta of Godland:] So generally the method then should be that, it is enormous amount of perpetrators. [Leif of Godland:] Yes. [Ditta of Godland:] So the method is [the] following. Please, people. Read the statutes of Godland. And become the rulers in your local areas. Sign contracts with us. With the rulers of Godland. And be the rulers of your local state Indigenous Godland areas. And the Indigenous society konns of your state and your local areas. And then when you are the rulers in your local areas then you know the best who the perpetrators are. [Leif of Godland:] Yes. [Ditta of Godland:] And you then can issue arrest warrants of these corporate criminals to get them examined by professional people for being psychopaths who are mass murdering your people and... It will be a lot of work for us. [Leif of Godland:] Yes. [Ditta of Godland:] And we don't have the means for this now. That's why we have re-claimed the tax offices to give the means to create the funds for retake of basic peoples states institutions into the power of Indigenous people. [Leif of Godland:] Yes. [Ditta of Godland:] And that is what you have to do.

You have to do that in your local areas and we have these, all politicians have been fired in all [the] world by us. Due to the fact that they're, they have been employed by illegitimate corporate election business companies that are not certified to hold elections by Indigenous people and local citizens of your nation. So they all have to sign new contracts with the local Indigenous rulers of Godland in each national state and in each area. So please sign the contracts with us so you can become those Holy Rescuers of Your People in our Holy Indigenous Godland. And all of the people then will get Trust Funds that are established for victims of the satanic cults that run the criminal, war criminal, banking, court and military industrial complex that is all run by one artificial intelligence right now and it is being stolen from the world people by [the] IBM corporation that is chipping us all now and chipping the whole of humanity to be run by one artificial intelligence quantum computer, and even the weather, and so generally you will be judged all by artificial intelligence if you don't want, now, to be judged by us. In a couple of years you will be judged by the Boston Robotics robot army who will be there with face

recognition, artificial intelligence, liquidating all humans because they will say that they don't need us. (Boston Dynamics write on their company page <https://www.bostondynamics.com/atlas> : "ATLAS® The world's most dynamic humanoid robot, Atlas is a research platform designed to push the limits of whole-body mobility. Atlas's advanced control system and state-of-the-art hardware give the robot the power and balance to demonstrate human-level agility." It looks like out of Star Wars.)

So this is the last call for humanity to follow our judgement that Leif the first has ruled here in Sweden but it is valid for the whole world and for the world we have ruled it together, we the konns of Godland.

And you can refer to this day, which is the second of June twelve thousand nineteen, with ten thousand added for Indigenous time, that On This Day, We Have Ruled, That All The Resources Are Re-Taken Back, and you, Indigenous people of each area have to restore the Love Order.

[Leif of Godland:] And with that, we end here at the Gallowstone in Jordbro Sweden where those sentenced to death penalty were killed. Here we have pronounced the judgement and we thereby end the judgement from the Tribunal Jordbro Peace Decree twelve thousand nineteen the second of June, ten thousand added for Indigenous time, and our very brave Lars Solstråhle [Lars Rutger of Godland, Lars Rutger Solstråhle] joins us here. [Lars Rutger comes into camera view.] [Ditta of Godland:] This is the proof that we still have the Love Order. He has come here for two hundred kilometers to be with us and he is eighty one years old and we all three love you very much. And we believe that we will succeed to restore the Love Order on our Mother Earth. And may all of the gods of Indigenous previous generations be with us in this Miracle. May It Be So. [Leif of Godland:] Thankyou, so. [Ditta of Godland:] May it be so. [Bells.] [Lars Rutger of Godland]: Amen, as we say in latin.

Transcript of the Court judgement pronounced at Gallowstone Jordbro Sweden on the 3:rd of June in the Indigenous year of 12019 ends.
